Please note:

- The base team buys local goods from their nearest shops/mini-supermarkets; prices therefore may be slightly more expensive than you may find in larger supermarkets en-route; unfortunately we cannot offer to buy specific brands.
- Prices are reviewed every year to be as accurate as possible, but they are only a guideline as to actual prices, as they can vary from region to region. You will be given the receipt and charged a small handling charge for shopping and delivery.
- Please bear in mind that the fridges on the boats are much smaller and run off the battery. They will not stay cool if they are packed too full. It is best to buy little and often.
- Some fridges have small ice compartments – these are for ice cubes only and are not suitable for freezing food.
- Your groceries will be on board your boat ready for when you arrive.
- Please pay for your groceries on arrival in the local currency or by credit card.

Local supermarkets are generally open between 9am to 6pm and closed on Sundays. We strongly recommend that if you are arriving on a Sunday you pre-order groceries or bring some basic supplies to last you until Monday.
